

THE REACT COHORT

Post Event Task: Create a personal portfolio website using React and Deploy it on Vercel.

Include the following sections as separate components:

- Navbar
- Hero Section (Intro)
- About Me
- Experience (If any)
- Projects
- Skills
- Contact
- Footer

Submission Guidelines

- Upload your project to GitHub.
- Deploy it on Vercel.

Here are some sample portfolio websites of Akatsuki members for reference purposes. You can create a simple design as well.

1. Saurav Patil – <https://Scammerpatil.vercel.app>
2. Pruthviraj Chaudhari – <https://pruthviraj-chaudhari.github.io/PortfolioSite/>
3. Bhumika Patil – <https://bhumikas-portfolio.vercel.app/>
4. Bhupesh Patil - <https://bhupeshportfolio-one.vercel.app/>

The deadline for completing the 10 modules and the portfolio website is Sunday, 13th April.
